VCT-1000

Mfg. #9210700 w/o Belts

Mfg.#*9210702 - 220V

- An economical, easy to maintain toaster that produces a hot bun quickly. Optional belt wraps reduce chain marks on bun surfaces.
- **Capacity**
Approximately 10 seconds pass through time.
- **Electrical**
Mfg. #9210700 - 120 VAC, 1750 watts, 14.6 amps, 60 Hz
*Mfg. #9210702 - 208 VAC, 2600 watts, 12.5 amps, 60 Hz
*(6 foot), (1.83 meters) grounded power cord supplied

VCT-50

Mfg. #9200600

- Vertical Contact Toaster with two-sided heated platen.
- **Capacity**
700 4", (101 mm) hamburger buns per hour
(1400 slices) Approximately 50 seconds pass thru time
- **Electrical**
208-230 VAC, 1933-2300 watts, 14.6 a.mps, 50/60 Hz
6 foot, (1.83 meters) grounded power cord supplied. CEE 7/7
Unit supplied with three Teflon® sheets.
Additional Teflon® sheets may be purchased from your authorized service agency.
- **Mfg. #9200608**
Electrical
208-230 VAC, 1933-2300 watts, 14.6 amps, 50/60 Hz
6 foot, (1.83 meters) grounded power cord supplied. CEE 7/7

VCT-25

Mfg. # 9200620

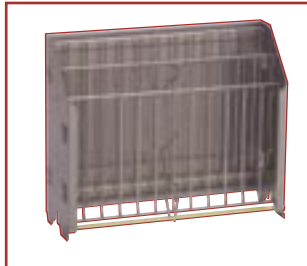

- **Capacity**
1400 4", (101 mm) hamburger buns per hour.
(2800 slices) Approximately 25 seconds pass thru time.
- **Electrical**
1750 watts, 120 VAC, 14.6 amps, 60 Hz.
6 foot, (1.83 meters) grounded power cord supplied. NEMA #5-15P
- **Note:** VCT-50 9200606 and VCT-25 9200626 available in electrical 1750/1933-2300 watts, 208/220-240 volts, 50/60 Hz.
Unit supplied with three Teflon® sheets. Additional Teflon® sheets may be purchased from your authorized service agency.
- **Mfg. #9200628**
Electrical
1933-2300 watts, 208-230 volts, 14.6 amps, 50/60 Hz.
6 foot, (1.83 meters) grounded power cord supplied. CEE 7/7

Accessories

Butter Wheel - BW-1 **Mfg. #7000238**

Stainless Steel Butter Wheel.
Butter pan and wheel can be removed for easy cleaning.
Attaches to models VCT-25/50/2000 without the use of tools.
